(Start Belt #8)

SPEAKER: Go ahead, sir.

SENATOR KREMER: On Page 3, Line 4 to line 7, through Line 7, strike "all the new matter". Now what we are talking about here is a Motorcycle Operators License and he does have to have a driver's license so that material is not needed so it merely strikes the material that refers to the affixing of a colored photo to a license to permit the operation of a motor vehicle. The driver's license is not needed. I move the adoption of the amendment.

SPEAKER: You heard Senator Kremer's explanation on amendment #2. Is there need for further discussion of that amendment? All those in favor of the amendment please say aye, those opposed say no. So ordered, amendment #2 is adopted. Senator Kremer.

SENATOR KREMER: Amendment #3 on Page 6, Line 19, strike the period and after permit--this is covered up here and I can't read it so--strike lines 19 through 24 and reinstate the previously stricken matter. Now what we are doing here, this stricken matter provided that only one, not more than two duplicates of a driver's license could be issued. Now this (inaudible) system would allow for the issuance of only two again. If this would have remained stricken, it would have meant that if you lost your driver's license it would have only been duplicated two times, it could have been duplicated more than two times. This reinstates the provision that not more than two duplicates of a license may be issued to a operator of a vehicle. I move the adoption of the amendment.

SPEAKER: Is there any further discussion of Amendment #3 as proposed by Senator Kremer. The chair recognizes Senator Barnett.

SENATOR BARNETT: Senator Kremer, I wonder if that amendment, the 3rd one that you are talking about. Doesn't that have to do with the County Treasurer? That doesn't have to do with that duplication, does it?

UNIDENTIFIED: Just a second, Senator. Thank you.

SENATOR BARNETT: (inaudible) the new language on Page 3, Lines 4 to 7. Right.

SENATOR KREMER: No, no, Page 6. Page 6. Did you read that section, Senator Barnett.

SENATOR BARNETT: Did you touch on that 2nd amendment already. I thought---

SENATOR KREMER: Yes sir, we passed that one.

SENATOR BARNETT: Oh, you went to fast. I'm sorry.

SPEAKER: Any further discussion of amendment #3 to LB 128. All those in favor of the amendment please say aye, those opposed say no. So ordered. Amendment #3 is adopted. Are there any other amendments, Senator Kremer.

SENATOR KREMER: The next amendment by the committee, adopted by the committee refers you to Page 7, Line 25, strike "one dollar" and insert "two dollars". Now this has to do with a mutilated license rather than a lost license and to bring them into conformity it will cost the operator \$2.00 rather than \$1.00 to get a replacement of his license if it's mutilated. That means into conformity with the losing of a license. I move the adoption of the amendment.

SPEAKER: Any further discussion of the motion. All those in
